

HITLER'S SCIENTISTS: SCIENCE, WAR AND THE DEVIL'S PACT

When Hitler came to power in the 30s, Germany had led the world in science, mathematics & technology for nearly four decades. But while the fact that Hitler swiftly pressed Germany's scientific prowess into the service of a brutal, racist, xenophobic ideology is well known, few realize that German scientists had knowingly broken international agreements & basic codes of morality...

Reader's Opinions

recommend to anyone who does any scientific research. Author asks serious questions as to morals and ethics of research. Several times in book the quote "People first, science second" leaves some real questions as to the guardrails needed for scientific research

An abridged audio cd by the author of Hitler's Pope. Filled with some interesting stories and some that are so horrible they take a huge step to understand how human beings can be so monstrous to each other. I think it also shows the dangers of scientific ignorance. There were some fun stories mixed in. My favorite is about Niels Bohr....
