

PREDATORS OF DARKNESS

Fear What Lurks In The Shadows The desolate streets of downtown Pittsburgh in 2073 are a reminder of the missile attack that forever changed the lives of the surviving scientists and students hidden in the fallout shelter of Helmsby's Genetic Research Center. Believing themselves to be the only survivors, they station themselves inside the center until food supplies near depletion. Thinking the fallout has lessened, they emerge three years later to discover strange creatures patrolling the streets in search of human flesh and blood. The creatures...

Reader's Opinions

I was given the opportunity to read this book from the author himself, which is an honor. I am not normally a reader of end of the world, or disaster books. However I have found this book...

What would you do if you survived a nuclear fallout? How would you survive? Predators of Darkness is perfect for sci-fi lovers. The world Hilley has created is devastating, which leaves you only to imagine how you could survive in world filled with genetic monsters caused by what appears, at first, to be a nuclear fallout. You are taken...
