Reader's Opinions

Starla stumbles upon her boss's secret, and the attraction that she'd been fighting since she started working for him, flares into something more. This is a sexy read and wonderful characters!

I'm not new to Christa Wick, it just seems I have never owned up to it before. Stripped to its essentials, her work is smut, plain and simple. The part I seem to like is that it does come with a bit of a twist. Like this one. It really is decent for what it is.
