

THE VERNORE GENE

Jailin Munrow was a new type of race. The perfect race. At the age of five, she was genetically altered on the night her mother died and her father disappeared. Raised by the Maimugg tribe of the Grundagon Jungle, Jailin's animal abilities surfaced, giving her the resources to protect the jungle and its inhabitants from any outside danger. With the help of her insightful, yet bordering on philosophical, friend Socrates, Jailin stumbled upon her long-lost childhood friend and a...

Reader's Opinions

Jailin is a young woman living in a far future world. At the age of 5 she lost her parents and was accidentally genetically enhanced (all in one night). It turns out the person responsible for both events was the scientist Adolph Vernore. His genetic engineering gives Jailin fantastic strength and speed, as well as the ability to communicate...

This review has been hidden because it contains spoilers. To view it, click here. This book was awesome! I really like the characters and the story blew me away. There were some twists I didnt expect with some of the characters and I found that although I didnt really like one of the characters personality I was still sad when he died....
