

THE INVASION

It started during a storm on the North Eastern Seaboard which brought with it a strange green rain. Where it fell, everything died and was consumed. The residents of remote outposts in Maritime Canada escaped the worst of the early damage, but that was a blessing in disguise, for they were left to watch as first North America, then the world, was subsumed in the creeping green carpet of terror.

Reader's Opinions

The Invasion is exactly what the author claims it to be: a B-movie story about an alien invasion of the planet Earth. True to its B-movie aspirations, The Invasion follows a small cast of sketchily developed characters, with an emphasis on plot and quick pacing. I quite enjoyed reading the novella and would have given it four stars,...

A decent yarn, reminds me a little of some of those horror movies in the 50s
